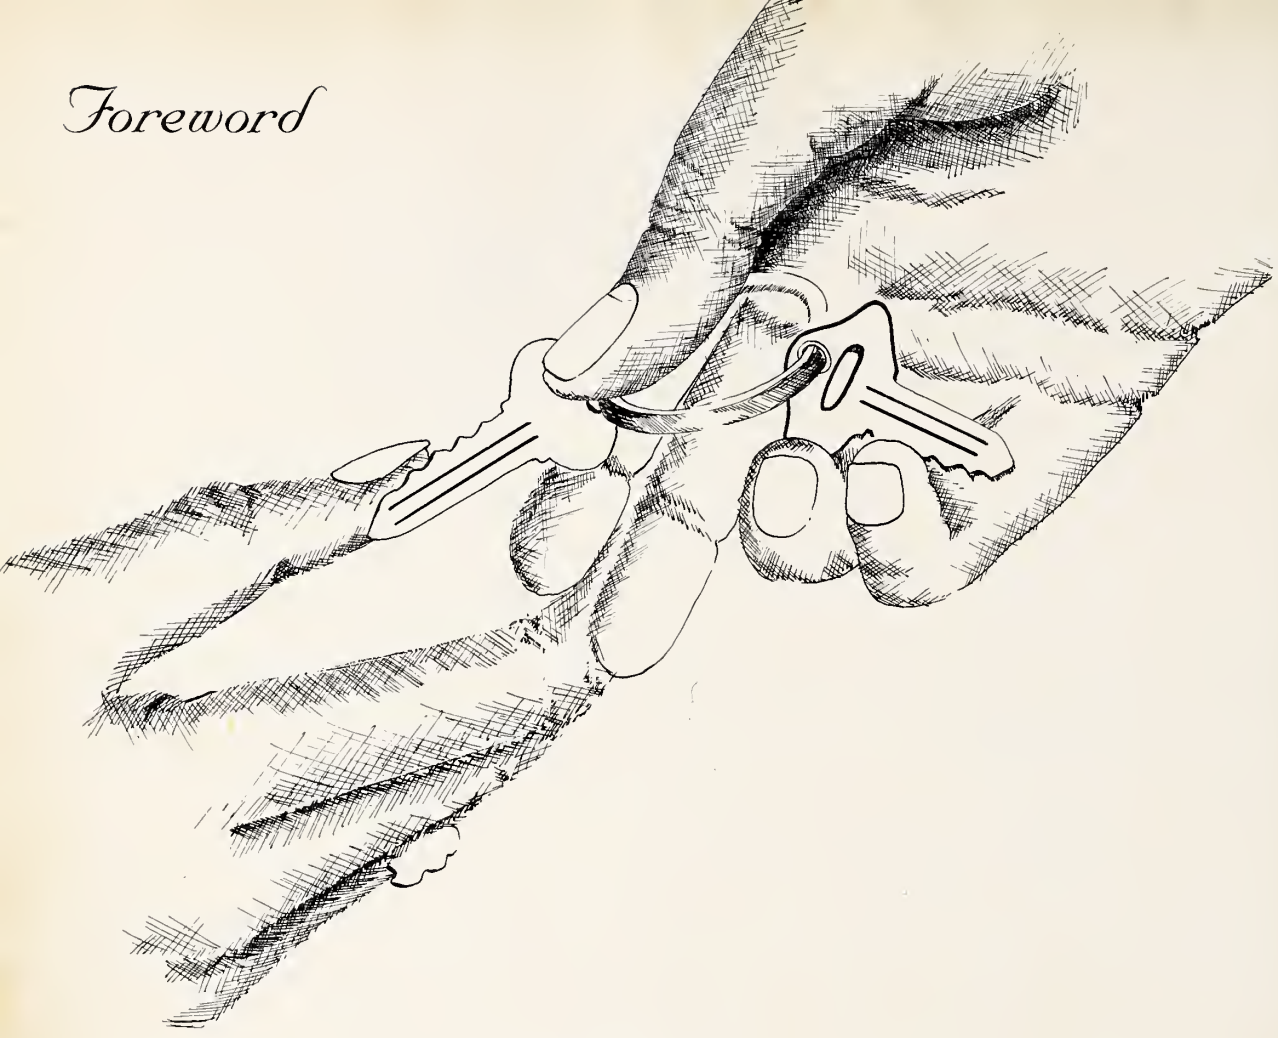
# *Foreword*



We, the 1962 TROJAN staff, hope that this annual will become one of your most prized possessions and that you may look back over the faded snapshots and remember the good old days at W. A. Pattillo.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '62 we shall be content, knowing that we have done the things we were called upon to do.

We have tried to present a key to each division and activity of the high school work and fun. Knowing that the key to success is enthusiasm, we have all whole-heartedly joined in to make this TROJAN one of the best ever. We feel that your satisfaction with this volume is our compensation, and with this thought we proudly give you the key to the '61-'62 TROJAN.

# ADMINISTRATION

MEMBERS OF THE SENIOR CLASS PATTILLO HIGH SCHOOL - 1961

May I congratulate each of you for your interest, desire, and success in achieving the first step in your formal education. You still have the challenge and the responsibility for completing more formal training. There are many opportunities available to you through grants, scholarships, loans, and work programs to complete your education. It is now up to you as an individual to accept the challenge and take advantage of these resources.

May I also congratulate you for this fine annual which will always be a reminder to you of the days you spent at Pattillo High School, the contribution you made to school life, and the guidance you received from the faculty.

Sincerely,

C. B. Martin, Superintendent

# The Principal Speaks

TO THE CLASS OF 1962 . . .

Not for so many years has a class paid so fine a tribute to Pattillo School. We are indeed proud that you made this decision and worked so diligently and co-operatively to accomplish such a tremendous task. I congratulate you.

We find ourselves in the midst of a new era in the history of mankind, one of fears and uncertainties - a challenging time indeed. Therefore, may you, as graduates and ambassadors of the Pattillo School be leaders of courage, men and women with faith, efficiency, strength, permanency, and full realization in the ultimate triumph of God and our great nation. Liken yourselves unto the plowman of yesterday and bear in mind that your labor now is for the future. Advance! Spare not; Nor look behind! And, as the Plowman of old, plow deep and straight with all of your strength.

May God bless each of you and may you remember that He is our refuge and strength, a very present help in trouble, fear, and the uncertainties of the future.

# Class History

September 3, 1958, was a historic day for W. A. Pattillo, for on that day the class of '62 entered to begin its four years' journey. This geat exodus was similar to that at a big, bustling harbor, where people board ships for journeys all over the world; but on this day, September 3, 1958, eighty-eight enthusiastic students boarded the liner - "Reminiscene: for the land of Realism. The captain of the ship was Mr. W. H. Pattillo, the mates were Mrs. A. W. Battle, Mrs. M. B. Hawkins and Miss M. Anderson.

We began the voyage by adjusting to our new surroundings which were to be our home for the next four years. After adjustments were made, we began to explore and participate in different activities aboard, such as the Glee Club, Cheering Squad, Band and Sports. Soon many formed the core of these organizations and were credited as being outstanding. But life aboard wasn't all play and no work as many soon found out.

On the third year of the voyage, our Captain, Mr. W. H. Pattillo, having transferred to another ship, Mr. R. H. Cherry came to guide and steer our craft. One of our Mates, Mrs. Wesson, left us but Mr. E. E. Smoot then came aboard. At the end of this year our ship docked on a Tropicano Isle in the middle of paradise, for an enchanting evening of gaiety, melodious music, and dancing. Many said afterward that they could have danced all night. Their event climaxed three years of sailing.

The fourth year of our voyage was destined to be the most eventful. Our mates were Mrs. S. M. Thomas and Miss H. V. Kelly. The passengers had awaited this year filled with anxiety, anticipation, and joyfulness, for this year the voyage would be ended. Many said in their moments of reverie they could faintly hear strains of "God and Our Father" which would greet them when our bark came to shore. However, fate had so ordained, that some, who had embarked upon the voyage four years ago, had been caught up in the sands of time, so all would not dock with us.

The "Reminiscene" made several more stops before reaching its destination; the last and most important on May 30, 1962. Everyone landed and streamed toward the shore where each went his separate way; some to happiness, some to success and others . . .

# *Prophecy*

The world today is progressing with so many tremendous leaps and bounds that a person can only wish and hope for the best along with hard work and study. As a member of the class, I find myself wishing for all of my classmates the very best.

As I gaze into the crystal ball I see many of my classmates striving to obtain their goals. As always, the science field is rapidly progressing. Here, certain members of our class excel. I see Janice Matthewson dressed in her uniform performing the obstetrician's duty, with Rosemary Williams her assistant and Betty Powell her nurse. This team must be at all times looking their very best, so they turn to Sallie Dancy, their beautician. Peggy Brown hopes to discover why the flowers close up at night as a Biologist.

Our business world has a greater challenge to face. The world demands pure products, thus the business firms demand more aid. Taking active positions to meet this demand, we find many of our girls accepting business positions. We find Lillie Dancy as a business woman; Caletha Johnson a clerical worker and Helen Harrell an efficient secretary. The "Big Boss Man" is the ever popular Glennie Matthewson with his private secretary Ida Lewis.

In the field of education, many of us fulfilled our dreams. Mittie Bullock has established her Kindergarten on St. John Street with Minnie Bryant as her assistant, Susie Heath is teaching at Howard University. Delores Best is the second Marian Anderson and is singing at the Metropolitan House.

Shelia Ray is leading the fashion world as one of our most chic models in 1968, with Doris Jones as her typist.

Peter Pitt and Jack Mathewson will sound the trumpets at the Arlington National Cemetery by 1985.

Clyde Cherry and Fred Wood are the most valuable players with the Redskins.

Cora Harris has established a public library on New York's Fifth Avenue with Geralding Johnson as her secretary.

Willie Reynolds is teaching physical education at Notre Dame, while Sam Pippen is the school dentist for North Carolina and Mildred Lyons working at the Pentagon.

Janie Worsley has a dancing studio in Philadelphia next door to Arthur Murray's Studio, "I wonder who is taking in more trade?"

Ethel Williams works as a cosmetologist in New York City. Some of her favorite customers are Ed Sullivan, Elizabeth Taylor and Louis Armstrong.

The ball clouds and I return to the present with a sincere prayer for brilliant futures for all.
